### Join Us For A Stroll Through Time

### WALK ABOUT HISTORY – including African American History in Williamsburg

Enjoy a 90-minute stroll through the streets of Colonial Williamsburg with an experienced, licensed, knowledgeable guide who will escort you on a personalized walking tour of Colonial Williamsburg. We will take a casual stroll along Duke of Gloucester Street, referred to by FDR as “the most historic avenue in America,” and adjacent streets as your guide highlights some of the 300-year-old town’s many historic sites.

You will learn the history of the city's beginnings; stories of the people, both famous and not, that lived and worked here; have a detailed look at the colonial buildings and their architecture; and hear history, folklore and trivia that brings this important period in history alive. Slaves to freedmen, craftsmen to businessmen, African Americans comprised half of the city's population in the 18th century. Join us for an exploration of that experience and its importance to the building of Williamsburg.

This Williamsburg walking tour is ideal for those who want to make the most of a brief visit, or who desire a solid overview of the area prior to going it on their own.

**Departure time from Great Wolf Lodge will depend on choice of travel to historic area; by Williamsburg Transit Bus (Tan Line) departure will be at 1:20 pm, by taxi or own transportation, departure time will be 1:30 – 1:45 pm. Tour begins at 2:30 pm, departing from 201 West Duke of Gloucester St. at the corner of Bruton Parish Church and the Palace Green.**

This is a private, two-hour tour of Williamsburg, including both the town's history and the African American experience there. Please keep in mind that this an outdoor walking tour. It does not include admission to the buildings. Deadline to reserve this tour is September 1, 2017. Discount rate for minimum of 10 people.
